

PerfectSheer™

NORMAN®
SHUTTERS. BLINDS. SHADES

A VIEW PERFECTED

Shapes, viewthrough and light control. PerfectSheer™'s soft interplay of light, shadow and colors elevates decor and everyday privacy control to an expression of beauty and softness. PerfectSheer™'s inspiration comes from a desire to create a higher quality sheer shade – one that offers beauty and light control. PerfectSheer™ represents our relentless pursuit for quality through intelligent design and experience in crafting fine window coverings for over 40 years.

PERFECTION OF FUNCTION

We believe window coverings, unlike art, are meant to be used. Sheer shades often emphasize style over function. We developed PerfectSheer™ as the next generation of style, performance and quality.

- Tightest closure in its category for privacy / light control
- Innovative design for superior light transitions
- Room Darkening or Light Filtering
- 100% woven seams; not glued, sewed or heat fused
- Motorized option is “Best for Kids” Certified

PERFECTION OF CRAFTSMANSHIP

Featuring 100% woven construction, our design creates beautiful light effects and outstanding reliability. Unlike more commonly used glued or heat fused methods, our woven seams deliver a quality lasting finish.

PERFECTION OF CHOICE

Experience a new level of light control, atmosphere, and softness through PerfectSheer™'s soft interplay of light, colors and shadows. In your choice of stylish light filtering or room darkening fabric vanes, custom top treatments, in motorized or non-motorized simplicity.
